## Faculty Advisor

## **Kid's Court is a Monster Success!**

**By Tanisha G. and Katelyn W.**

This is the 25th Anniversary of Kids' Court, founded by Mrs. Lauren Wolke, our Head of School. Each year, the sixth graders perform this show to educate students about the judicial process in the United States, in an entertaining way. This year, the trial was about "The County of Geneva versus Dr. Frank N. Stein." Dr. Frank N. Stein is on trial because the Monster that he created was accused of killing his brother and wife. The jury had to decide if Dr. Frank N. Stein programmed his Monster to be a killer, or that society had shaped the Monster to commit this crime by making him an outcast due to his hideous appearance. Each sixth grader received a part in the show and modified it to suit his/her personality. We interviewed some of the sixth graders about their roles. Most of them acted as witnesses, while the others performed the roles of defense, prosecution, bailiff, and judge. The casts were the following:

Was Dr. Frank N. Stein guilty or innocent?

**Mica P. (pictured on left):**

**Q:** What is your role?

**A:** I am Dr. Jamie Watson. I get to act like a young, very smart scientist. My character is an expert in DNA and Ge-

netic Engineering. I also teach ethics and morality as they relate to science.

**Q:** What is your favorite thing about this role?

**A:** I enjoy speaking in a strange, high-pitched voice.

**Q:** I learned how the court system works and how important it is to be honest in court.

**Marley Y. as Monster**

**Adeline G.:**

**Q:** What is your role?

**A:** I am Officer Mercy Muldoon. I am an old police officer who works for the Geneva Police Department. As Officer Muldoon, I saw the Monster skating down the block and noticed the two bodies (Phyllis Stein and Ruben Stein) on the lawn of number nine-ninety-nine Geneva Strasse. My character also examines the crime scene.

**Q:** What is your favorite thing

about this role?

**A:** I enjoy getting to act like I'm an old lady. I also get to hold a walker.

**Q:** What do you think you brought to the part?

**A:** I thought I brought my humor and acting skills to the part which made it a memorable experience.

**Q:** Did you agree with the verdict? Why or why not?

**A:** Since our trial was a hung jury, I personally thought he should have been innocent.

**Katelyn W.**

**Q:** What is your role?

**A:** I am a judge. As a judge, I get to control the court order.

**Q:** What is your favorite thing about this role?

**A:** My favorite thing about this role is that I get to be the queen of the court. I get to say, "Order!" in the court a lot too.

**Q:** What do you think you brought to the part?

**A:** I think that I brought happiness to the court and kept it from going crazy.

**Q:** What did you learn in Kids' Court?

**A:** I learned what the objections mean, and many other things that lawyers do.

## A Huge Surprise on the Field!

By Tanisha G. and Katelyn W.

After the "Beauty and the Beast" musical, Mrs. Stange told the fourth grade to go outside to take a picture. Ms. Crame stayed inside and was just talking to people to say how good their kids were in the play. As she was doing this, the fourth grade lined up on the Lightning Field and held signs up with the words, "Will You Marry Me?" Her boyfriend Matt was standing at the end of the line. The students were really excited to see Ms. Crame's reaction! When Ms. Crame came out with Mrs. Wolke, she was confused and surprised. When she saw Matt, she was so excited she started crying!

He took her to the middle of the field, and got down on one knee to propose. She said "YES" with hundreds of Laurence students, faculty and even her parents watching! Read on to find out more about this memorable day from Ms. Crame's perspective.

Q: Where did you meet him?

A: My friend married one of his friends from college. They introduced us before

their wedding last year.

Q: Did you know this was going to happen?

A: No, I had no idea.

Q: How do you feel about this?

A: It is the best thing ever. I am so happy that students were there, including the

5<sup>th</sup> and 6<sup>th</sup> graders that have been in my class. The 2<sup>nd</sup> graders who I teach math to also got to see. And the third graders that I had in summer camp were watching.

Q: The night before did you have any suspicions?

A: I tried to call him several times, and it went to voicemail. Later he told me that his phone was dead. But I still wasn't suspicious. He was really on a plane flying to LA.

Q: What was going through your head when you walked out there?

A: I thought about jogging to him, but I thought I might trip. I didn't even notice my parents were there watching. I didn't

notice that Rebekah was nearby taking pictures.

Q: Did you know what the fourth grade was doing when they were on the field?

A: The day before I got an email saying that fourth grade needed to take pictures after the play for the yearbook.

Q: What did you do after this surprise?

A: After, we called all of our family and friends. Then we went to dinner with my parents. We ate at Mohawk Bend, which is a restaur-

rant where we went on our first date. We saw Marley Y. (6<sup>th</sup> grade) there!

Her partner Mrs. Milman was also shocked. "This is better than any episode of the Bachelor I have seen!" she exclaimed.

We think that they will be a perfect couple. They will live happily ever after... and have wonderful children that will hopefully go to Laurence School, where she got engaged!

## Get Hip, Go Knit!

By Lily C.

Last trimester, Mrs. Strull and Ms. Cantrell, led the knitting elective. People joined this elective because they could make a blanket to snuggle up with at night or a scarf or knitted cap to keep them warm. I interviewed third grader Clementine H. to find out what she did while she was in the knitting elective.

"I made a scarf, and it is called the 'awesome scarf' because it is cozy, colorful and pretty. It was the best elective I have taken so far. I would rate it a 9 1/2 on a scale of 1 to 10," Clementine said.

"We can't wait to do the knitting elective again next year!" exclaimed Mrs. Strull and Ms. Cantrell.

## Marvelous Math Club Clinches Two Titles

**By Konnie D. (math club student) and Shayna B.**

Who won two math tournaments recently and also earned two first places in the individual round? The Laurence School Math Club did that! They competed in both the All-Girls Math Competition for Orange County Math Circle, while the boys entered the Culver City Math Olympiad. The two first place individual winners were fourth graders Konnie D. and Ethan S. Konnie says, "I felt super proud of myself and my awesome math teacher Mrs. Kovacs. Also, I am super proud of the rest of my teammates."

Ethan S. says, "I felt good. It was a lot of hard work though." Ethan S. also won the Math Olympiad, an international math competition, by earning a perfect score on the test.

So, have you been interested in math lately? Well if you are, you might be interested in math club too! Here, we interviewed two math club students and Mrs. Kovacs, who teaches math club.

**Mrs. Kovacs:**

**Q:** How do you feel about the tournaments and competitions that your math club attends?

**A:** I love watching them participate, and I'm so proud of them.

**Q:** What competitions did your students win?

**A:** They scored 2<sup>nd</sup> place in last year's team event; three people also won in the top six last year. This year, in the individual event, three of our students placed in the top four.

**Q:** How many students attend math club?

**A:** There are 15 students.

**Q:** What kind of problems do your stu-

dents do?

**A:** They work on geometry, number theory, and algebraic math problems.

Next, we interviewed two fourth grade students named Alex S. and Hayden S. We asked them some questions about their opinions of math club.

**Alex S.:**

**Q:** Which part of math club do you like the most?

**A:** I like Olympiads. They are fun and the problems challenge me.

**Hayden S.:**

**Q:** Which part of math club do you like the most?

**A:** I like the game Knights and Liars. I think it is fun.

**Q:** What was the favorite kind of problem you were asked in math club?

**A:** I enjoy solving logic problems.

Math club is a very interesting thing that the students enjoy. We hope that the math club students keep on representing the L!

## Great Adventures Await Mr. Stern and Mr. Mastin

**By Adeline G. and Emery G.**

Mr. Stern is an amazing part of the Laurence family. He's a speaker, a supporter, a helper, and a natural leader, but next year, he is moving on to become the headmaster of High Point Academy. We've decided to make a contribution to him by interviewing him, and find out about his best moments at Laurence. Fortunately, he will be replaced by Mr. Mastin, who will make a great contribution to Laurence School.

**Mr. Stern:**

**Q:** How many years have you worked at Laurence?

**A:** I have worked at Laurence for 17 years and started as a relatively young man. I was the Assistant Principal for 4

or 5 years. Then was I promoted and had the longest title of Associate Head of School/Principal.

**Q:** What brought you to Laurence?

**A:** I love the philosophy, and the focus on the total child. I love that as much as Laurence believes in academics, Laurence believes in character. I also love the families, teachers, and administration.

**Q:** Where are you going to work next?

**A:** I am going to work as a headmaster at High Point Academy. High Point Academy is a K through 8 school in Pasadena. In the 2015-2016 school year the school will be celebrating their 50<sup>th</sup> anniversary, and I will be turning 50, so we will turn 50 together. I will miss everyone at Laurence. It feels like home and will always has a special place in my heart. I

will come back and visit and my children, Sierra and Alexander, will too.

**Q:** Why did you decide to take a new job?

**A:** I always have had a dream of becoming a headmaster and knew if I was ever going to pursue that dream, now would be the time to do it. It also was an incredibly difficult position to get and I never thought I would have such an opportunity.

**Continued p. 8**

## Marvelous, Magical, <sup>Ja</sup> Majestic Milman

By Shayna B. and Konnie D.

If you want to learn some facts about Mrs. Milman that you've never known before, this interview will be fascinating for you! She is a very admirable teacher in fourth grade. Maybe, you have been her student or will be!

Q: How long have you been teaching at Laurence School?

A: I have been teaching at Laurence School for eight years now.

Q: What is your favorite subject to teach and why?

A: Math & writing. I like math because it moves quickly, and you can play games. I like writing because I have a background in writing (that is why I teach newspaper too). Also, I like the kids' creativity.

Q: What is something no one knows about you?

A: I can juggle. I know how to juggle three balls at a time. I learned how to do it in

middle school. It helps me with my coordination.

Q: What's your favorite song? What does it mean to you?

A: My favorite song is "Just Can't Get Enough" by Depeche Mode. You may have heard it on a TV commercial! I like it because it has a catchy beat, and I can dance to it. It makes me happy, as it's a song about love.

Q: What do you like to do during your free time? Why do you like to do this?

A: I like to work out in the gym because it makes me feel healthy and relieves my stress. I like to dance too.

Q: What other grades have you taught, and which grades do you like the best?

A: I've taught all of the grades K-5 when I was a substitute teacher, but fourth grade is my favorite grade to teach and only grade I've taught at Laurence.

Q: Do you have any children?

A: I have two daughters, Sabrina and Natasha. One is a senior in high school. She is going to go to art school after that. She wants to be a photographer and a graphic designer. My other daughter is in 7<sup>th</sup> grade and she is 13 years old. They are both dancers and cheerleaders.

Q: Do you have any siblings?

A: Yes. I have two brothers who teach elementary school and people English in South Korea.

Mrs. Milman is a great and funny teacher who is creative and smart. If you have a choice of electives, choose newspaper so you can spend some time with Mrs. Milman!

## Excellent Espino Sprints for Spanish

By Eric V.

Have you ever wondered about what Mr. Espino likes to do other than teach Spanish? Did you know that your Spanish teacher loves to run marathons? Well, if you want to know more, come and run with these questions. Mr. Espino has been teaching at Laurence for four years, so I've chosen to interview him because he is very interesting, and no one has ever interviewed him in the past.

Q. What do you like to do for your free time?

A. I like to run, read, watch funny movies, and hike. I like to hike on Topanga.

Q. What country are you from? What city? Why did you move to the US?

A: I'm from Guatemala City in Guatemala. I moved to the US when I was 5 because my parents had an opportunity in California.

Q. What is your favorite thing in Guatemala?

A. Pyramids, lakes, and forests.

Q. I heard that you run marathons. What marathons do you run? When is the next marathon?

A. I ran the L.A. Marathon in March. I like to run races, triathalons, and marathons. I like to run because it helps me relax and be healthy. I run about two a year.

Q. What inspired you to teach? What was

your first job?

A. I love working with kids and I have been teaching kids since I was in high school. My first job was a teacher assistant, and I loved it!

Q. What did you do before teaching at Laurence?

A. I used to teach at another school. I used to work at a school in Koreatown. I was at that school for ten years.

Q. Are you married? Do you have any children? Do you have any pets?

A. No I am not married. I don't have any children but I have a rescued dog named Moby. Moby is a terrier Chihuahua rescue.

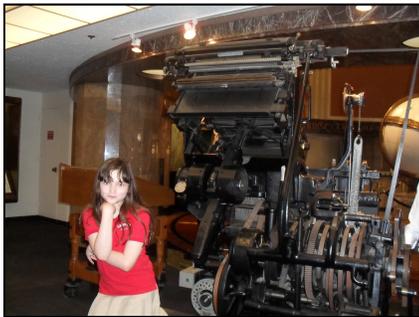

Q. Do you speak any other languages?

A: A little bit of French and English.

## Lightning Striker Staff Tours Los Angeles Times

By Emery G.

At Laurence School, we all enjoy reading the Lightning Striker. We work hard to write for it, lay it out, and print it so all of the students in the school could read and enjoy it. That's what we do at Laurence, but what do they do for all of the people of Los Angeles? Lucky for us, all of the newspaper students got to go on a field trip to the Los Angeles Times. We toured around the whole building while learning the ins and outs of creating a newspaper.

Touring the editorial offices was the main part of the tour. We enjoyed looking at the sports section (especially the boys), the entertainment section, and even the food section. They have their own kitchen where they cook meals to test them before put the recipe in the paper! There are so many components to a newspaper, and we were so lucky to see all of the hard workers making the paper possible.

We also learned how the LA Times developed throughout history. Before they had the advanced technology that we have today, they had to keep track of every single story ever writ-

ten, for the couldn't just save it to the computer like we can today. It was fascinating to see how far we have come.

You would never really know how much hard work and time was put into that little role of paper on your doorstep until you've visited the Los Angeles Times. I'll never look at that Sunday morning paper the same way ever again.

## Super Schliebe!

By Evan K. and Eric V.

Have you ever wondered about your wonderful 3<sup>rd</sup> grade teacher Mrs. Schliebe? She is one of the best teachers in the school. And now come read how awesome she is.

Q. What do you like to do on your free time?

A. I like to play with my babies and board games.

Q. What do you specifically love to do while playing with the babies?

A. I love to do food fights, blow bubbles, and walk.

Q. What's your favorite movie and book?

A. If I had to choose, I would probably say that *Sandlot* would be my favorite movie due to how funny it is, and

how it also includes my favorite sport, baseball. My absolute favorite book has to be *The Witches* because it is funny and creepy at the same time.

Q. What is favorite thing about Laurence?

A. My favorite part of Laurence is the children!

Q. A lot of people don't know you are from Kansas. What is your favorite part of Kansas?

A. I love the open pasture.

Q. What is your favorite board game?

A. I like Backgammon because it is all about strategy.

Q. What's your favorite elective? And describe it.

A. Rock'n'Rhythm is my favorite elective because it has a lot of laughter, choreography, and fun.

Q. Have you ever taught any other grades at Laurence? What is your favorite grade?

A. I have taught 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> grades. Third is my favorite because they are more capable.

Q. Where did you go to college?

A. I went to the University of Arizona.

Q. What is your favorite food? Why?

A. Mexican food because it's YUMMY!!!

## Fantastic Faculty Adventures

**By Shayna B., Madeleine C., Lily C. and Estella F.**

Have you ever wondered what "Fantastic Faculty Adventures" are out there? If you keep reading, you can learn about three of the fantastic faculty adventures. Maybe next year you will be inspired by this article that you will sign up for one of these exciting events! We interviewed three teachers and they told us about their Faculty Adventure. It was so interesting! We went into Mr. Stern's office, got to see inside House 4B, and got to go behind the desks of Maria and Monica! Now, here is what these staff members have to say about their "Fantastic Faculty Adventure!"

The first teacher we interviewed was Mrs. Milman. She is a teacher in House 4B.

**Q:** What is your "Fantastic Faculty Adventure," and has it happened yet? Which other teachers went with you?

**A:** We went to the Hard Rock Cafe. It happened in March and all of the fourth grade teachers went along. We also saw the movie "McFarland USA" at the El Capitan Theater in Hollywood.

**Q:** How many students participated in your fantastic faculty adventure?

**A:** Eight students participated in our faculty adventure.

**Q:** What was your inspiration for your fantastic faculty adventure?

**A:** We wanted to see something that both boys and girls would like to see. Plus, my daughters and I like to go to the Hard Rock Cafe together so I knew the students would like it.

**Q:** Would you recommend that faculty adventure for next year's students?

**A:** Yes, but I would want to go to the Ghirardelli ice cream shop next door (which is next door to the Hard Rock Cafe).

Mrs. Milman's faculty adventure sounded like lots of fun and it seemed like whoever went on this faculty adventure enjoyed it a lot. Maybe you can go on her faculty adventure next year.

This is probably the most exciting person we interviewed... MR. STERN!

**Q:** What is your "Fantastic Faculty Adventure?"

**A:** We went to the Dodger's baseball game on a Friday after school.

**Q:** How many students participated in your "Fantastic Faculty Adventure?"

**A:** Four students came this year including a girl.

**Q:** Would you recommend it for students next year?

**A:** Yes. Definitely, especially for kids who love baseball. We always have so much fun!

**Q:** What was your inspiration for your

faculty adventure?

**A:** When I was a kid, I loved baseball so much!!! I loved to go to baseball games with my dad. And I still go to the Dodger games today. So I thought that the kids would love to go to a baseball game with their Principal.

The third and last person we interviewed was Monica, who is in the front office

**Q:** What is your faculty adventure?

**A:** For the adventure you get to sit in the

office and do what Maria and I do in the morning. It's super fun. Afterward, you get a special treat!

**Q:** Would you recommend it for students next year?

**A:** Yes, because you will have fun and you will get a special treat at the end.

Isn't that so cool? Now that you know what amazing faculty adventures teachers offer, next year you can join a faculty adventure and have a lot of fun!

## Wearable Art

**By Novin S.**

I interviewed Ms. Anaya about her inspiration for an elective called Wearable Art. In this elective, there are two parts. For the first half, you paint on a shirt, and for the second half, you lay it out on a computer. Ms. Anaya likes to do it both traditionally and digitally.

**Q:** How did you think of making an elective called Wearable Art?

**A:** I thought of making an elective called Wearable Art because I think it is better

to wear the art you make.

**Q:** What kind of art do you like better, painting or sculpting? Why?

**A:** I like painting better. I've always liked painting and drawing better as it's more immediate and I like what the colors do when they blend.

**Q:** Are you better at graphite or drawing?

**A:** I am good at both and I love both.

**Q:** What are your art tips?

**A:** I always say, "Keep looking and practicing!"

## Meet Mrs. Stange's Baby

By Konnie D. and Maya K.

Mrs. Stange is a great drama teacher, but did you know she is having a baby? This is a tremendous pleasure for Mrs. Stange to have her third baby. We decided to interview Mrs. Stange to learn more about her and the baby. We can all

tell that she is very excited!

Q: Do you want to have a girl or boy? Why? Do you want more babies after this one?

A: I know it is going to be a boy. I have a 7-year-old son and a 4-year-old daughter so it doesn't really matter either way. I do not want more children after this one.

Q: Do you plan for all of your kids to go to Laurence?

A: Yes!

Q: Who do you think your boy will look like?

A: I think the baby will look like his sister, Hero.

Q: What are your choices for a name? Why do you like this name?

A: His name is already chosen, and it is Beckett. I like this name because it was a name of a famous play writer named Samuel Beckett, and I met my husband in theater. Plus, we wanted a literary name.

Q: Why did you want this baby?

A: We have two children, and it is a blessing that we're having another one.

Mrs. Stange is overjoyed about this baby, and we all think she will be a great mom to her baby boy.

## FOURTH GRADE CREATES ARTISTIC MASTERPIECE

By Sydney F., and Ronnie C.

In fourth grade we have been learning about Mexico. In art class we recently studied Mexico's most famous 20th century artist: Diego Rivera. He is best known for his murals showing Mexican culture. We recreated his mural "Sugar

Cane" which shows people gathering sugar cane and collecting papayas from trees. In art class, Ms. Anaya split the mural into little squares so we could draw them. We all did a small piece of the mural and when we finished we added them all together. It was fun to draw all the squares and learn about Diego Rivera.

## IF THE SHOE FITS, WEAR IT!

By Chloe A. and Sydney F.

You probably have a favorite shoe brand, right? We did a survey to find out what Laurence's most popular shoe brand is.

The results are in...

- Nike-37
- Skechers-5
- Steve Madden-4

- Adidas-4
- Converse-2
- Vans-2

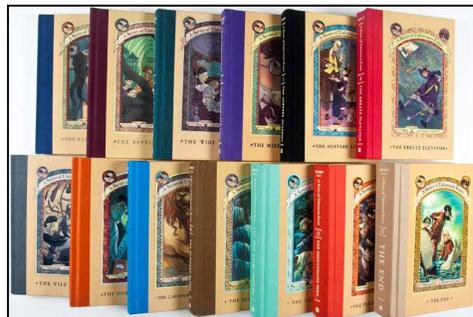

## Do You Want a New Favorite Book?

By Shayna B. and Konnie D.

In fourth grade, our teacher Ms. Crame read aloud a book called, "The Bad Beginning," from *A Series of Unfortunate Events* by Lemony Snicket. There are 13 books in the series. Everybody thought it was great and very "unfortunate." Three Baudelaire orphans were going through many depressing events, much like dominos falling one after the other. There were many surprises in this book that were heartbreaking! We don't want

to give too many things away, but a sad thing is the Baudelaire orphans' parents

died during a devastating fire. They have to go live with a greedy and terrible man. That's how it all started and wait, we can't tell you anymore. Read it yourself to find out what happens next!

## Kids' Court is a Monster Success! (cont'd)

**Tanisha G.:**

Q: What is your role?

A: I am one of the defense lawyers. My role was to prove that the defendant, Dr. Frank N. Stein, is innocent.

Q: What is your favorite thing about this role? What do you think you brought to the part?

A: I love that this role matches my personality. I brought my energy and confidence to portray a passionate lawyer.

Q: What did you learn in Kids' Court?

A: From this experience, I learned a lot about the judicial system in our country, and I developed good public speaking skills.

The shows were a smashing success. The jurors were from second and third grade for Cast 6A and from fourth and

fifth grade for Cast 6B. As it turns out, 6A's Kids' Court was a hung jury. On the other hand, 6B's verdict was that Dr. Frank N. Stein was innocent. As we all say goodbye to Laurence, Kids' Court will be one of the many wonderful memories that we will hold on to.

This performance would have never been possible without the dedicated efforts of a remarkable team. We sincerely thank everyone involved including our teachers.

## Great Adventures Await Mr. Stern and Mr. Mastin (cont'd)

Q: Have you always been a principal? What other grades have you taught?

A: I started by graduating from law school. Then I took and passed the California Bar Exam. I soon became a teacher at an elementary school. I have taught 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, and 5<sup>th</sup> grades. While I was teaching, I felt like I died and went to heaven. Part of me is still a teacher. Still my favorite thing to do on campus is to go into classrooms and teach.

After we interviewed Mr. Stern, we obtained some information on our new

**Principal Mr. Mastin:**

Q: What is your name, and where did you previously work?

A: My name is Paul Mastin, and I worked at Harvard Westlake.

Q: What did you do at Harvard Westlake?

A: I have always taught mostly English for

7<sup>th</sup>, 8<sup>th</sup>, and 9<sup>th</sup>. I teach 7<sup>th</sup> grade history, 8<sup>th</sup> grade algebra, and I am the advisor for the middle school magazine. I'm the Academic Dean for 8<sup>th</sup> and 9<sup>th</sup> grade and the Assistant Head. I also organize the dodgeball tournament, which is the most important event of the year in my opinion. My favorite thing to do at Harvard Westlake is to teach.

Q: What brought you to Laurence?

A: I was the dean for Becky, Mrs. Wolke's daughter, which is how I met Mrs. Wolke. When Laurence was looking for a new principal, Mrs. Wolke thought of me. Once I saw Laurence I knew I wanted to be here. I saw so many students and realized Laurence was a great place, a magical place really, for education.

Q: What are you excited for?

A: I am excited to reacquaint with this age of students. I love the teachers and are excited to meet them. I really want to

get my hands back in elementary. I'm really going to miss Harvard Westlake, but my wife is still teaching there, so I

have a connection. I'm looking forward to the years here, and I had many great years there.

Mr. Mastin told us that he lives by a saying of Helen Keller's, "If life is not a great adventure, it is nothing." He added, "Laurence is part of my adventure, and it is because everyday at Laurence is an adventure for the staff and students."

## Which Classic Game is Your Favorite?

**By Jenna Z., Sascha B. and Remi C.**

We interviewed 50 students and teachers to find out which classic game they like the best. We picked this topic because we wanted to know what sort of old games were still cool! We all thought that this would be an interesting topic because everyone usually wants to know what's in and what's out! Just in case

you were wondering, we picked these games because they're the best retro games out there!

It was a close race, but air hockey wins!

Air hockey:	17
Ping Pong:	9
Foosball:	8
Pacman:	6
